

WHY YOU SHOULD SUBMIT DATA

TO SHELTER ANIMALS COUNT

1. It's FREE!

Not only is it free to participate, but you will receive FREE data tools, like custom dashboards for your website and downloadable reports for stakeholders!

2. Grant Applications

Many large animal welfare orgs require data submission to SAC to be eligible for grants. Take it to the next level by using your data to apply for other grants!

3. Future Forecasts

Watch data trends and view forecasts in order to anticipate your organization's needs before they arise. Be proactive instead of reactive!

4. Win \$\$\$

Keep your data current and you could win one of \$25,000+ in grants SAC gives away throughout the year.

5. Make Your Animals COUNT

Join thousands of animal shelters and rescues who have contributed data to help pets and the people who love them.

THE NATIONAL DATABASE

SHELTER ANIMALS COUNT RESOURCES

Make the most of our **complimentary** data tools!

1

Custom dashboards

Show your commitment to transparency and display your data on your website! Choose between graphs and tables view, filter by year and species. Add context to the numbers, promote your programs and services, and tell individual animal stories "behind the numbers" — there's no limit to what you can do!

2

Download & export your data

Export annual or monthly reports at any time from your organization's portal. Use these reports in executive meetings, presentations and much more!

3

Animal Welfare Glossary

The industry is complex and ever-changing. The Shelter Animals Count Animal Welfare Glossary unifies the industry by standardizing definitions, making it convenient and easy to understand what terms and phrases mean — no membership required.

4

Graphics and templates

Subscribe to our e-newsletter to receive not only reports and tech updates, but bonus content, including press release templates and social media graphics!

5

COMING SOON: Field Services Database

SAC will soon extend our data collection to include animal control services! By incorporating field services, we aim to provide a better understanding of the support offered to animals within local communities.
