

FARM & YARD

Product Range

Durable and High-Quality Outdoor Products. Built to Last.

From barnyards to backyards, Farm & Yard brings the peace of mind of quality, built-to-last products, designed to keep your animals safe and comfortable.

Welcome to Farm & Yard

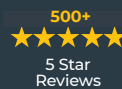

From barnyards to backyards, Farm & Yard brings the peace of mind of quality, built-to-last products, designed to keep your animals safe and comfortable.

Launching from humble beginnings during the Global Pandemic of 2020 with just one product, our 2-bay raised dog kennel, Farm & Yard quickly grew to multiple retail placements, four more top-line products and 1000's of happy customers.

Our products have gained a reputation as great value options for suburban environments, while also being sturdy enough to withstand tough, rural and commercial conditions. We're also proud to be participating in animal welfare projects across the country.

We hope you'll love our evergrowing range of pet and animal focused products.

2-Panel Chicken Coop

Chicken Tractor

A lightweight but high quality mobile chicken coop, designed to keep your chickens safe from predators while allowing easy relocation in your yard – just lower the wheel arms and move your coop to a new location.

Key Features

- Easy relocation – move your coop to fertilize other areas of your lawn and provide new feed for chickens.
- Double-locking gates front & back.
- Rear door for easy access to roosting area.
- High-quality construction – structural grade anodized aluminum frame, high-quality nylon wheels and bearings.
- Convenient fixing points for waterers and feeders.
- Galvanized mesh fox-proof floor available.
- 2, 3 and 4 panel sizes available – suitable for up to 8 chickens.
- 10-year warranty.

Scoop'N'Tow Field Cleaner

Field Scraper

Clear your fields of manure and other loose items quickly and easily with the Scoop'N'Tow 2-in-1 field cleaner and trailer. Drag behind a vehicle to collect, switch to trailer mode to transport your load.

Key Features

- ✔ Save time and effort with easy manure and debris collection for small & large paddocks.
- ✔ Scoop mode – drag behind a quad bike, mower or other vehicle to collect manure or debris.
- ✔ Tow mode – lower the easy-release wheels and extend the retractable towbar to create a versatile trailer.
- ✔ Easy-empty design.
- ✔ Works on smooth and rough paddocks and for various items - manure, nuts, pine cones and more.
- ✔ Simple assembly, all tools, parts & safety equipment supplied.
- ✔ 10-year warranty.

Thick insulated walls

Ventable roof

Removable latched roof

Removable door flaps

Customer Feedback

“We have the CozyCube XL and absolutely love it! Our Great Pyrenees ‘Boone’ loves snuggling up in it. He’s outside 24/7 guarding our farm and we’re so glad we found a product that works so well for him! We highly recommend it!”

Proudly Assisting Animal Welfare Organisations

“The CozyCubes are a high-quality product and easy to assemble. Knowing our Rescue Ranch dogs will be comfortable during the cold weather gives us peace of mind. And we value our partnership with Farm & Yard. Together, we can help ensure that more pets have the shelter they need and deserve.”
