A PRINT PUBLIC SERVICE ANNOUNCEMENT

They may be seconds, but they're not irregulars.

If they could talk, they'd tell you some incredible stories. About their first home that just wasn't right for them. Or, how they became lost and were never found by their caretakers. They'd tell you they need more love and affection than ever, their second time around. We hear thousands of these stories every year. That's why adopting an animal from our shelter is a far more rewarding experience than buying one. To learn more about how you can give one of our animals a home for life, stop by our shelter, talk with our staff, and let the animals share their stories with you.
