Animal Rescue Volunteers: Answering the call

Are you looking for a way to put your love of animals into action? Volunteer with the HSUS Animal Rescue Team! Animal Rescue Volunteers assist in the immediate and ongoing care of dogs, cats, and other animals who have been rescued from life-threatening emergencies, like cruelty cases and natural disasters.

When the HSUS Animal Rescue Team assists law enforcement in an animal seizure or responds to a natural disaster, volunteers may be called upon to provide care to animals in our emergency shelters and assist with transports and other critical support services. Animal Rescue Volunteers come from all walks of life, and they never forget the animals they've helped—or the people who are a part of this important mission.

Approved Animal Rescue Volunteers will remain on an alert list for deployment opportunities and sheltering assistance. The HSUS Animal Rescue Team benefits from volunteers for everything from direct animal care to logistical support and administrative duties, so there's a role for everyone!
